REASONS FOR ALLOWANCE

Applicant's arguments, see pages 6 to 8, filed on March 22, 2004, with respect to claims 6, 7, 10, 12 to 18 and 20 have been fully considered and are persuasive. The rejection of claims 6, 7, 10, 12 to 18 and 20 under 35 USC 112 (first para.) has therefore been withdrawn.

The following is an examiner's statement of reasons for allowance:

The claims are deemed allowable because the prior art does not teach or reasonably suggest a gas turbine engine having a deflagration chamber radially outward from an engine exhaust centerbody and a detonation chamber downstream from and in flow communication with the deflagration chamber.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
